

Dear Windham Parents/Guardians,

Due to an unforeseen complication we encountered during the upgrade to the latest InfoSnap Product, our registration messages to you have been delayed. InfoSnap's staff and our staff are working diligently to finalize details and we anticipate that you should receive your electronic registration information no later than Wednesday, August 17th. We will notify you when this problem is corrected.

We look forward to seeing all our returning and new students on the first day of school.

Victoria Provost
